

# Boven Birth Center Renovations

Holland Hospital Boven Birth Center is growing. Expansion & renovations will accommodate growth, enhance services and allow us to continue delivering exceptional birth experiences for families well into the future. When the 3-phase project is complete in early 2020, Boven Birth Center will feature the latest in design, technology and comfort. Performing the work in phases allows the birth center to remain open with minimal disruption.

**Phase 1: Winter 2017 to Fall 2018**
