### 1. Roaster for a Day for Six at Uncommon Coffee Roasters

This is your backstage pass into a world most coffee lovers never get to see. A story to tell your friends and family. For one extraordinary day, you get a sneak peek into our roastery working side by side with our head roaster, Izzy, to create and roast your very own hand crafted Uncommon Coffee blend. Roasting is where science meets art. In this immersive, hands-on experience, you'll learn how raw green coffee beans transform under heat into the complex, aromatic coffee we love. You'll experience the "first crack." You'll understand how tiny adjustments unlock chocolate notes, bright citrus, or deep caramel sweetness. And then comes the best part: You'll craft your own roast. Not a sample. Not a label slapped on someone else's blend. Your roast. Your profile. Your coffee. Under Izzy's guidance, you'll develop a custom blend and roast it yourself and then take home 10 pounds of the coffee you created. Share it at dinner parties. Gift it to clients. Brew it slowly on quiet mornings and remember the day you stood at the roaster and made it happen. This private experience accommodates up to six people, making it perfect for adventurous friends, a team-building experience that's actually exciting, or the coffee lover who truly has everything — except this. Available by appointment, Monday through Friday. There are countless ways to drink coffee. Almost no one gets to create it. Tonight, bid boldly for something rare. Bid for something uncommon.
