hollandhospital.org

Holland Hospital Home Health Services is fully accredited by CHAP—the nation's leading accrediting agency for home health.

Professional Care in the comfort of your home

The Right Choice

You made the right choice with Holland Hospital Home Health Services. Our program is fully accredited by CHAP – the nation's leading accrediting agency for home health.

Our commitment to exceptional quality is reflected in our high rating from the Center for Medicare and Medicaid Services which places us among the top agencies for high quality nationwide.

Coordinated Care

Patients are our first priority. We take time to understand the health care concerns of each individual and their family. Together with the patient's physician and other medical providers, we develop a coordinated plan of care to achieve health goals, monitor progress and ensure patient comfort.

Experienced Team

Our skilled and compassionate health experts are available to provide skilled, intermittent care 24 hours a day, seven days a week in the comfort of home. Our fully screened, experienced and professional team will exceed your expectations.

- Registered nurses
- Home health aides
- Physical, occupational & speech therapists
- Certified wound care specialists
- Medical social workers

Comprehensive Services

Skilled Nursing & Rehabilitation

Whether your needs are for short term care such as post-surgical recovery or longer term care for a chronic condition, our skilled registered nurses and therapists help patients regain health and achieve their maximum potential in the comfort of home. Our medical services include specialized care for a wide range of health needs.

Remote Telemonitoring

We offer added piece of mind with in-home remote telemonitoring to help assess and manage our patient's health daily. This easy-to-use device collects vital signs and automatically transmits the data to our central station for clinical review. If changes in the patient's health status require intervention, our staff communicates with the physician to follow-up.

Will Insurance Cover The Cost?

It may. Please contact our staff for assistance in determining eligibility for coverage.
