Community OUTREACH

Improving the health of our at-risk and vulnerable community members.

Summer Report 2019

2019 Culinary Cabaret

Over $188,000 Raised for the Holland Community Health Center

Special thanks to all the restaurants, chefs, partners, guests, volunteers and vendors who contributed to this year’s successful event.

Thank you to our host Jordan Carson.

Thank you our Co-Chairs, Ellis and Carolyn Stich and Dr. Susan Ervine and Tom Ervine.

Our thanks and appreciation to all our restaurants who produced, prepared, presented and graciously served at the Culinary Cabaret.

Thank you to the Holland Junior Welfare League for a $1,415 Grant awarded to the School Nurse Program for new Asthma Kits for 8 elementary schools serving over 200 students and to the Faith Community Nurse at the Family Hope Ministry for four car seats.
Holland Hospital Launches School Mental Health Program

Suicide is the second-leading cause of death among teens. Every school year, Holland High and Middle School perform about 100 Suicide Risk Assessments. The student receives care but often there’s a breakdown of communication regarding the progress of care between the school and parent and/or the school and the health care system.

The School Mental Health Care Manager (SMHCM) will serve students and families by coordinating services throughout the continuum of care, taking a proactive role through the early intervention and identification of at-risk students by performing or assisting in a suicide risk assessment, as well as partnering with school nurses, school staff, physicians and outside agencies. The SMHCM will walk alongside students and their families as they navigate therapy, medications and possible hospitalization.

“Without this program, our children would not have access to quality, timely, responsive, preventative and effective mental health care that specifically addresses suicide risk,” said Dr. Brian Davis, Superintendent of Holland Public Schools. “Some of these children desperately need it to be successful in our schools and desperately need it to live and thrive,” he added.

Thank you to the Community Partners who have stepped up to support our new School Mental Health Program!

“How Holland Hospital is addressing a critical need in the coordination of mental health care for our youth. We are so thankful for our member’s and employee’s generosity through our Band Together campaign which allowed us to make this donation,” – Alexis Reame, Community Relations Manager

The School Mental Health Program was awarded with a $70,000 grant over three years from the Community Foundation of the Holland/Zeeland Area selected by their Youth Advisory Committee (YAC).

“From the statistics of increasing youth suicide rates to the personal experiences of those who lost friends to suicide, we believed that this issue needed to be addressed. We saw Holland Hospital as having the expertise to help face this challenge, so we supported their request to provide a School Mental Health Care Manager to support the mental health of students in our area.” – Ryan Lindberg, YAC Chair, Holland Christian student

Thanks to Our Breast Care Fund Supporters

The Breast Care Fund helps cover the cost of mammograms, diagnostics and pathology services for patients with little to no insurance. The Fund—made possible through generous private donations and grants—helps remove the financial barriers that deter some women from seeking breast care services.

Since 2014, the Holland Hospital Breast Care Fund has funded screening mammograms, diagnostic imaging and follow-up services for nearly 350 women.

“Early detection is the best opportunity to treat breast cancer and reduce the risk of recurrence,” said Dr. Susan Ervine, Radiologist and Holland Hospital Comprehensive Breast Services Medical Director. “It is our mission to continue to share information about the Breast Care Fund with women across West Michigan in hopes of helping save the lives of many more,” she added.

“We recognize the growing mental health challenges students are facing. This program will provide critical resources to our schools to support kids that are facing mental health issues that they do not know how to work through on their own. This program is needed and we are grateful that Holland Hospital has stepped in to meet a growing issue in the lives of kids in our community.” – Julie and Kirk Cousins

Lake Michigan Credit Union employees present $3,000 donation to Holland Hospital.
Fund Development Annual Report  
April 1, 2018 – March 31, 2019

**Donor Profile**
- $240,033: Individuals
